## Your Neighbors:

Planting several trees on a block looks beautiful! We hope you can help us organize a tree planting in your community. Please answer these questions as best you can. **Our planting projects have a 10 tree minimum, so involvement from your neighbors is important.**

Do you know if any neighbors on your block are interested in trees? \_\_\_\_\_

If so, how many? \_\_\_\_\_

Are you willing to ask your neighbors if they're interested in free trees? \_\_\_\_\_

*\* We'll give you fliers and forms to make this easy*
